## 2017-20 Plan Summary

### THE STORY

Briefly describe the students and community and how the LEA serves them.

Baker Valley Unified School District is located midway between Barstow and Las Vegas along Interstate 15 in San Bernardino County. Geographically, it is one of the largest school districts in the state of California (3,897 sq. miles).

Baker is proud of its desert heritage and is home to the world's tallest thermometer, which commemorates the high summer temperatures for which the town is so justly famous. The community of Baker comprises a population of 600, and relies heavily on income from traffic along Interstate 15. Mini-markets, service stations, motels, fast food establishments and restaurants provide employment for parents and students.

Baker Valley USD aligns its goals with the state eight priority areas and serves students from many small communities including Baker, Kelso, Cima, Nipton, and Beacon Station. Our student population majority is of Hispanic/Latino descent. In our high school, middle school, and elementary school, a total of 9 students are white out of 134 total students.

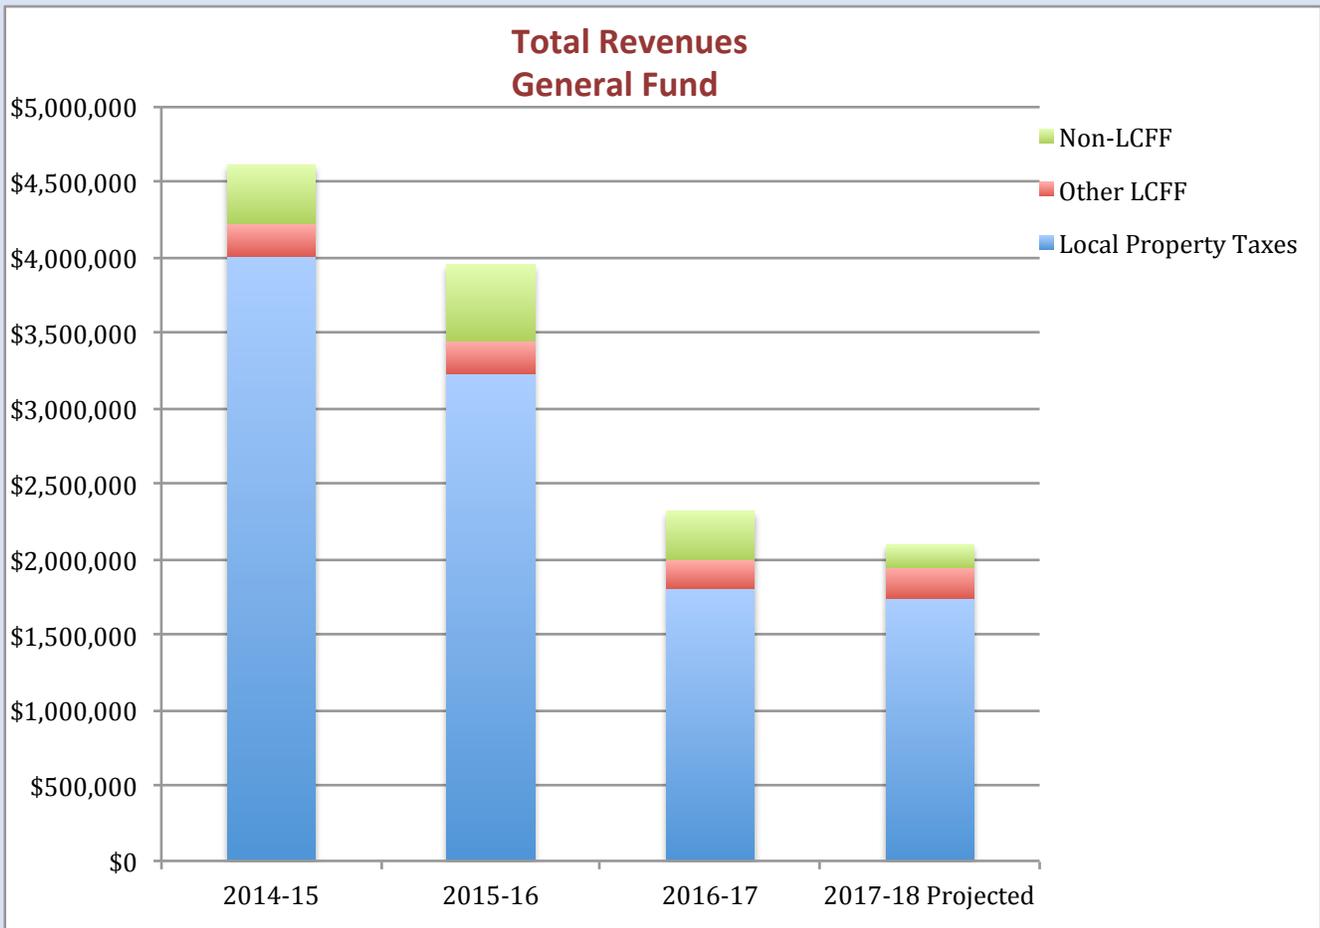

Our services include after school tutoring for students in grades K-12, an adult school program, and a high quality preschool that focuses early on the needs of our dual language learner population so that they will be successful in K-12 education. Our high school was awarded as one of America's Best High Schools for college going rate in 2016 as featured in U.S. News and World Report. Our school board and district supports a holistic approach to educating our students in a safe and engaging learning environment that will give them the necessary foundation for college and career. We also offer summer school for high school credit recovery and original credit.

Our district priorities include 'access for all.' Baker Valley USD teachers have been trained in

universal design. We receive support and coaching to support all learners. Family engagement is increasing, due to the staff providing “Next Degree” workshops throughout the year for students and their parents. Parents actively support the school district through these workshops, celebrations, field trips and events on site.

### Significant Decrease in Revenue

In the 2014-15 school year, total revenue was 4.5 million, and \$4.2 million of that was unrestricted LCFF revenue, and \$4.0 million of LCFF was from local property taxes. In 2015-16, we experienced a drop of \$800,000 in local property tax revenues, followed by a \$1.4 million decrease in 2016-17. For 2017-18 we are projecting a small decrease in property tax revenue.

Overall, we are seeing a 53% (\$2,407,779) decrease in total revenue from 14-15 to the 17-18 budget year, that is a 54% (\$2,276,284) drop in LCFF revenue sources. Looking at just the local property tax decrease it was a 57% (\$2,267,544) decrease in local property tax revenue. Most of the decrease in revenues has been from property tax revenue decreases, but also contributing are a decrease in ADA, and less one-time money from the state.

Due to these significant decreases in our revenues, significantly fewer resources are available to provide services to our students. We are in the creative process of ‘redefining’ what ‘base’ services we are able to continue or restructure those that are necessary and proper to legally

operate our school district and support all learners. We then look to our supplemental and concentration funds to determine what are the most effective and efficient uses of those funds, to increase outcomes and educational opportunities for our Low Income (LI) and English Learner (EL) students.

## **LCAP HIGHLIGHTS**

Identify and briefly summarize the key features of this year's LCAP.

Several LCAP highlights include:

- Significant growth on the CAASPP, particularly for our ELL population.
- Designed a reclassification process.
- Increased parent engagement with district, school, and classroom activities.
- Commitment to innovative technologies and 21<sup>st</sup> century learning.
- Enhance safety and security on all school sites.

## **REVIEW OF PERFORMANCE**

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

## **GREATEST PROGRESS**

Based on 2016-17 state testing, our Academic Performance increased 18.8% for English Learner Progress (K-12); an increase in English Language Arts of 23.3 points in grades (3-8); and an increase of 26.5 points in Mathematics in grades (3-8).

Although our state academic performance indicators are yellow for subgroups, Baker Valley USD will continue to build upon our significant progress and the pursuit of closing the achievement gap for students.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which **overall** performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

**GREATEST NEEDS**

The increase student knowledge and use of academic vocabulary, as well as the need for a new CCSS enriched math curriculum continues to frame our discussion for improvement. State indicators reflect a need for support in this area.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

**PERFORMANCE GAPS**

We had no groups that were identified as two or more performance levels below the all student level.

**INCREASED OR IMPROVED SERVICES**

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

- Purchase materials for more hands-on science activities for the high school.
- New staff development opportunities through the San Bernardino COE.
- New ELPAC prep to help ELL students prepare for the new testing format.

**BUDGET SUMMARY**

Complete the table below. LEAs may include additional information or more detail, including graphics.

| DESCRIPTION   | AMOUNT         |
|---|----------------|
| Total General Fund Budget Expenditures for LCAP Year  | \$3,372,147.99 |
| Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for LCAP Year | \$515,335.84   |

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

Beyond what is included in the LCAP, many expenditures are necessary to legally open and operate our school district. Examples of expenses not in LCAP:

- (1) Teachers' salaries = \$738,736,
- (2) Certificated Administration Salaries = \$128,630,
- (3) Classified Salaries not in LCAP including Aids, Maintenance and Operations, Transportation, Clerical Office Support and Management = \$479,040,
- (4) Employee Benefits = \$596,072
- (5) Books, supplies and materials = \$195,088
- (6) Membership, Travel, Employee Professional Development = \$51,743
- (7) Contracted Speech Therapy Services = \$55,930
- (8) Insurance, Utilities and Repairs = \$190,885
- (9) Other Professional/Consulting and Operating Expenditures Including Legal Auditing, Permit Fees and more = \$118,902
- (10) Capital Improvements to buildings and equipment = \$170,000
- (11) Communications (Internet, Telephone, etc.) = \$15,400
- (12) Out of State Tuition and Transportation = \$105,000
- (13) Other Misc. = \$11,386

## ANNUAL MEASURABLE OUTCOMES

### EXPECTED

1. At least 50% of our student population will achieve "meeting" or "exceeding" the standard on the CAASPP.

**State Metric:** Performance on standardized tests

2. Overall GPA will improve in year 1 by .10 points

**State Metric:** Other indicators of student performance in required areas of study

3. CELDT - 50% of EL students attending US school 5 years or more will achieve level 3 (intermediate) or above on CELDT overall.

**State Metric:** Share of ELS that become English proficient.

4. EL reclassification rate will increase by 5% over the previous year's number

**State Metric:** EL Reclassification Rate

### ACTUAL

33% of students in ELA and 20% of students in math achieved "meeting" or "exceeding" the standard on the CAASPP.

Overall GPA for 16-17 was 2.73. This is a drop of .15 points.

94% of EL students attending US school 5 years or more achieved level 3 or above on the 16-17 CELDT

EL Reclassification rate increased by 10.7% over the previous years number.

5. Refine and expand after school program according to student needs by 5% of the calendar year. Continue to expand and refine summer course offering aligning to changing state standards.

**State Metric:** Implementation of CCSS for all students

6. 100% of district students grades 1-5 will receive a course of study inclusive of the following areas: English, mathematics, social sciences, science, visual arts, physical education, and other studies as prescribed by the governing board

**State Metric:** Student access and enrollment in all required areas of study

7. 100% of district students grades 6-12 will receive a course of study inclusive of the following areas: English, mathematics, social sciences, science, visual arts, physical education, and other studies as prescribed by the governing board

**State Metric:** Student access and enrollment in all required areas of study

8. 100% of our teachers will meet the California High Objective Uniform State Standards of Evaluation

**State Metric:** Teacher misassignment

9. *Currently API scores are suspended*

**State Metric:** Performance on standardized tests

This year's after school tutoring program was cut to one day a week.

100% of students grades 1-5 received a course of study inclusive of the following areas: English, mathematics, social sciences, science, visual arts, physical education, and other studies as prescribed by the governing board

100% of district students grades 6-12 received a course of study inclusive of the following areas: English, mathematics, social sciences, science, visual arts, physical education, and other studies as prescribed by the governing board

## ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The District achieved overall implementation of the actions and services articulated in the 2016-17 LCAP goals. Baker Valley USD is focused on small classrooms and new ELA curriculum programs. In addition, an identified English Language Facilitator will organize and focus on EL program needs. Furthermore, after school tutoring was provided to our students.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Overall, the District actions and services were effective. State testing showed an improvement from the previous year in both English Language Arts and Mathematics. An increase of 23.3 points on the ELA portion of the CAASPP state testing, with an even more significant rate of growth for our ELL population of 31.5 points

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Total Budget for Goal 1 = \$137,624  
Total Estimated Actual Expenditures = \$135,752.  
With a close difference amount between Budget and Actual Expenditures, Action 3 had significantly less actual expenditures due to low participation rates.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We have moved two Actions from our old Goal 11 into Goal 1 due to similarities. Also, have modified actions based on stakeholder meetings and feedback.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Overall implementation of the actions and services to achieve goal was successful. With implementation of PBIS district-wide, it helped with student discipline. The fire alarm and bell system upgrades provided the notification system platform to conduct the District lock down drill and fire drills to help and prepare staff and students for campus emergencies.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The overall effectiveness of the actions and services is a positive. The District continues to strive for a clean, secure, and safe campus, preparing both students and staff. Furthermore, high level discipline problems remained at a low count.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The District spent significantly less than budgeted in actual repairs. Actual cost for the repairs and upgrades came in to be reasonably lower than estimated.

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Overall implementation of the actions and services has been successful. Teachers are able to implement Common Core State standards as well as share their knowledge with parents.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Attendance and participation of teaching staff increased overall. The teachers worked together to support parents through a variety of workshops focusing on ELA, Math, Reading, Science and accessing the Illuminate Assessment System for grades and scores. The District Superintendent held three parent workshops to help facilitate an open dialogue about parent concerns or ideas.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Employee salaries and benefits were not separately tracked for this goal.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Due to similarities between Goal 1 and Goal 11, there's an overlap between actions under both goals. We have merged these two goals. Moving actions from Goal 11 to Goal 1, and eliminating Goal 11 based on stakeholder feedback.

INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

Baker Valley Unified School District (BVUSD) used a variety of techniques this year to gather input from all of our stakeholders. Stakeholder groups included parents, teaching staff, faculty, students, bargaining units and the community.

Engagement of stakeholders, in this year’s revision process, was a continuation of the process that began 2014/2015, we shared the progress on the current LCAP goals and the accompanying actions.

At the School Site Council (SSC) meetings, starting in October, testing data and information from surveys was presented to the parents, including parents of English learners, and low-income children, teaching staff, bargaining units, faculty, students and ELAC/DELAC members-which included parents of low income children and English learners.

“Workshop with the Superintendent” that began in 2015/2016 was continued in 2016/2017. These workshops were held at the school campus and are frequented by community members. They provided an opportunity for community members to meet with faculty in an informal setting and provide valuable insight into their concerns as well as an opportunity to share ideas. Superintendent consulted with the community about their concerns and LCAP goals during the “Workshops with Superintendent.”

At the end of each meeting, the stakeholders were asked to prioritize their suggestions by severity of need.

On March 15, 2017; the teaching staff, the Business Office, parents, community, and local bargaining units were in attendance at a LCAP information meeting where all of the current goals, actions and metrics were discussed. Feedback was solicited on desired changes/updates for 2017/2018 and beyond. All stakeholders have been given an opportunity to reflect on current goals and some have suggested new activities and tasks or refined the old actions/services. All suggestions were around the eight state priorities.

The annual updated LCAP for the year of 2017-2018 was presented to SSC, ELAC, DELAC on May 3, 2017 with no objections. On June 8, 2017 the Annual Updated LCAP was presented to the community stakeholders (parents, students, faculty, ELAC, DELAC) as well as the BVUSD Board.

The Board approved Baker Valley Unified School District’s Annual Updated LCAP on June 15, 2017.

## IMPACT ON LCAP AND ANNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

This year's involvement process provided further opportunity for BVUSD and its stakeholders to continue blending the values of the community with the 8 States priorities.

The data consisted of quantitative data such as; Graduation rate by district and school, GPA reports, English learner reclassification rate, District benchmarks, Attendance rate, suspensions and expulsion rate, CST science scores, and CELDT scores.

This year the following 3 goals were identified as areas of highest concern and prioritized by need:

Goal 3 (Build literacy skills for all students and enhance pupil literacy appreciation)

Goal 1 (Student Achievement)

Goal 9 (Provide Clean and Safe School)

We reviewed our eleven goals. Surveys were given to all staff, students and many community members. A team of cross-section of representatives addressed each goal. We held meetings to discuss prioritization and the agenda of when and how to meet the requirements of our goals.

With input from all, it was determined that we would keep most of the goals unchanged for 2017-2018, however due redundancy and similarity/overlap between goal 1 and 11 actions, actions from goal 11 were moved, and integrated into goal 1. Other small modifications to actions and services, based on data, and feedback from engagement groups were made.

As part of our continual monitoring, and annual stakeholder evaluation of progress in meeting the goals, and effectiveness of the actions and services, additional changes were made and are listed after each goal in the annual update section of the LCAP.

## Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year  2017-18  2018-19  2019-20

|  |            |  |         |
|--|------------|--|---------|
| <u>Estimated Supplemental and Concentration Grant Funds:</u> | \$ 294,828 | <u>Percentage to Increase or Improve Services:</u> | 19.93 % |
|--|------------|--|---------|

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).

The estimated supplemental and concentration grant funding is \$294,828 for the 2017-2018 school year. This amount was calculated based upon the unduplicated count of low income (LI), English learners (EL), and foster youth (FY), which is 92.61% of all students, based on a three year rolling average.

Services and Support for our unduplicated students (English Learner, Low income, and foster youth) will be increased and improved by more than 19.93%, beyond what is targeted to all students.

Do to the large percentage of unduplicated students, the district is permitted to classify the expenditures of the supplemental and concentration grants in either a LEA-wide or school-wide basis. So, while most of the actions, services, and related expenditures, listed both above and below, were targeted to raise the achievement level of our unduplicated students, they will be provided to all students.

To not provide these services to all students in a global manner would either be disruptive to the educational process, or would not be feasible. For the 2017-2018 fiscal year, we will be expending these and other sources from the district's general fund to increase or improve services by doing the following:

Maintaining Small Class sizes - \$161,427

Science lab materials for hands-on learning experiences to increase language acquisition of EL students - \$13,976

Providing after School and Summer Program - \$19,032

English Language Facilitator to organize ELL program needs - \$3,599

Bonus to attract high quality science teacher to enhance EL student achievement - \$11,721

Technological items for classrooms, network infrastructure, provide high speed internet, etc. - \$106,000

Online expanded course offerings - \$16,150

Continue (and expand) learning center services and resources - \$10,088

Continue, and add to the expanded field trip options that began in 2015-2016 - \$8,861

Modernize and update classroom equipment and supplies - \$31,850

Personal Achievement awards and ceremonies - \$2,400

Enhanced student guidance counseling services - \$6,353

# Local Control and Accountability Plan and Annual Update Template Instructions

## Addendum

*The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.*

*For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.*

*For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.*

*If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.*

*Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.*

## [Plan Summary](#)

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, mark the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under EC Section 52064.5.

## [Budget Summary](#)

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fg/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.
- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)

- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

## Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's\* approved LCAP. Minor typographical errors may be corrected.

\* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

## Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

## Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

## Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

## Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. *EC* identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. *EC* requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, *EC* Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

**Instructions:** The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, mark the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

**School districts and county offices of education:** Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

**Charter schools:** Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

## Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

**School districts and county offices of education:** The LCAP is a three-year plan, which is reviewed and updated annually, as required.

**Charter schools:** The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

### **New, Modified, Unchanged**

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

### Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

### Related State and/or Local Priorities

Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

### Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

### Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

## Planned Actions/Services

For each action/service, the LEA must complete either the section “For Actions/Services not contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

### **For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement**

#### Students to be Served

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by checking “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is checked, identify the specific student group(s) as appropriate.

#### Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

**Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

### **For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:**

#### Students to be Served

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see [Demonstration of Increased or Improved Services for Unduplicated Students](#) section, below), the LEA must identify the unduplicated student group(s) being served.

#### Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must select one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, place a check mark next to “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, place a check mark next to “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, place a check mark next to “Limited to Student Groups”.

**For charter schools and single-school school districts**, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

## Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

**Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting "Specific Schools" and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, "All Schools" and "Specific Schools" may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

## Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the "Action #" box for ease of reference.

### **New/Modified/Unchanged:**

- Check "New" if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Check "Modified" if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Check "Unchanged" if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
  - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may check "Unchanged" and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

**Note:** The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

**Charter schools** may complete the LCAP to align with the term of the charter school's budget that is submitted to the school's authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the "Goals, Actions, and Services" section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

## Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by EC sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

## Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the "Demonstration of Increased or Improved Services for Unduplicated Students" table and mark the appropriate LCAP year. Using the copy of the table, complete the table as required for the current year LCAP. Retain all prior year tables for this section for each of the three years within the LCAP.

### Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to *California Code of Regulations*, Title 5 (5 CCR) Section 15496(a)(5).

### Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

## State Priorities

**Priority 1: Basic Services** addresses the degree to which:

- A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- C. School facilities are maintained in good repair.

**Priority 2: Implementation of State Standards** addresses:

- A. The implementation of state board adopted academic content and performance standards for all students, which are:
  - a. English Language Arts – Common Core State Standards (CCSS) for English Language Arts
  - b. Mathematics – CCSS for Mathematics
  - c. English Language Development (ELD)
  - d. Career Technical Education
  - e. Health Education Content Standards
  - f. History-Social Science
  - g. Model School Library Standards
  - h. Physical Education Model Content Standards
  - i. Next Generation Science Standards
  - j. Visual and Performing Arts
  - k. World Language; and
- B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

**Priority 3: Parental Involvement** addresses:

- A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- B. How the school district will promote parental participation in programs for unduplicated pupils; and
- C. How the school district will promote parental participation in programs for individuals with exceptional needs.

**Priority 4: Pupil Achievement** as measured by all of the following, as applicable:

- A. Statewide assessments;
- B. The Academic Performance Index;
- C. The percentage of pupils who have successfully completed courses that satisfy University of California (UC) or California State University (CSU) entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- D. The percentage of English learner pupils who make progress toward English proficiency as measured by the California English Language Development Test (CELDT);
- E. The English learner reclassification rate;
- F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

**Priority 5: Pupil Engagement** as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;
- C. Middle school dropout rates;
- D. High school dropout rates; and
- E. High school graduation rates;

**Priority 6: School Climate** as measured by all of the following, as applicable:

- A. Pupil suspension rates;
- B. Pupil expulsion rates; and
- C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

**Priority 7: Course Access** addresses the extent to which pupils have access to and are enrolled in:

- A. A broad course of study including courses described under *EC* sections 51210 and 51220(a)-(i), as applicable;
- B. Programs and services developed and provided to unduplicated pupils; and
- C. Programs and services developed and provided to individuals with exceptional needs.

**Priority 8: Pupil Outcomes** addresses pupil outcomes, if available, for courses described under *EC* sections 51210 and 51220(a)-(i), as applicable.

**Priority 9: Coordination of Instruction of Expelled Pupils (COE Only)** addresses how the county superintendent of schools will coordinate instruction of expelled pupils.

**Priority 10. Coordination of Services for Foster Youth (COE Only)** addresses how the county superintendent of schools will coordinate services for foster children, including:

- A. Working with the county child welfare agency to minimize changes in school placement
- B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
- C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
- D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

**Local Priorities** address:

- A. Local priority goals; and
- B. Methods for measuring progress toward local goals.

## APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *EC* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) "Chronic absenteeism rate" shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) "Middle School dropout rate" shall be calculated as set forth in 5 CCR Section 1039.1.

(c) "High school dropout rate" shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) "High school graduation rate" shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) "Suspension rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) "Expulsion rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

## **APPENDIX B: GUIDING QUESTIONS**

### **Guiding Questions: Annual Review and Analysis**

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *EC* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

### **Guiding Questions: Stakeholder Engagement**

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *EC* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *EC* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *EC* Section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 *CCR* Section 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

## Guiding Questions: Goals, Actions, and Services

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *EC* Section 42238.01 and groups as defined in *EC* Section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *EC* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *EC* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?
